Participation in the CIFS/SMB/SMB2 Plugfest is complimentary for CIFS/SMB/SMB2 implementers (two participants per company).

Each company is entitled to two complementary full conference passes for their Plugfest participants at SDC provided that they actively participate, working with the other Plugfest participants.   Additional Plugfest participants may participate in the Plugfest and attend the full SDC Conference at a cost of $495 per attendee.

The SNIA will provide and support the networks and infrastructure for the Plugfest, creating a collaborative framework for testing. A platform test bench consists of a six foot table work area, a standard 110 volt 15-amp power drop and network connection. Each participating company will be provided with one test bench for each platform they plan to test. For special power requirements please contact the SNIA for additional costs.

All companies participating in the Plugfest are required to submit a completed and signed *Plugfest Application* (this document) and a *Plugfest Confidentiality Agreement.* Fax all completed forms to (719)-694-1389, attention Erin Weiner. A scanned copy in PDF format is acceptable and can be emailed to erin.weiner@snia.org.

Please provide the number of platforms/operating systems you plan to test along with the number of people from your company that plan to participate in the CIFS/SMB/SMB2 Plugfest:

Platforms/Operating Systems: _____

Engineers Participating in the Plugfest: _____

Once this application has been received and approved we will send you additional registration information for your Plugfest Engineers.

Signature: _____   **Date:** _____

Name: _____

Company: _____

Phone: _____

Email: _____

If you have any questions please contact Arnold Jones, SNIA Technical Council Managing Director, at arnold@snia.org or 407-574-7273. *All signed Plugfest Applications and Confidentiality Agreements must be received by August 26, 2011.*
