Participation in the SNIA iSCSI Plugfest costs $495 per participant, which allows the participant to participate in the iSCSI Plugfest and attend the full SDC Conference.

The SNIA will provide and support the networks and infrastructure for the iSCSI Plugfest, creating a collaborative framework for testing. A platform test bench consists of a six foot table work area, a standard 110 volt 15-amp power drop and network connection. Each participating company will be provided with one test bench for each platform they plan to test. For special power requirements please contact the SNIA for additional costs.

Plugfest testing starts on Sunday Sept. 15th at 8:30am, with time available for setup on Saturday Sept. 14th starting at 1:00pm. The Plugfest will conclude and teardown will begin starting at 1:00pm on Thursday Sept. 19th, with everything removed from the room by 5:00pm.

All companies participating in the iSCSI Plugfest are required to submit a completed and signed *iSCSI Plugfest Application* (this document) and a *Plugfest Confidentiality Agreement.* Fax all completed forms to (719)-694-1389, attention Erin Weiner. A scanned copy in PDF format is acceptable and can be emailed to erin.weiner@snia.org.

Please provide the number of platforms/operating systems you plan to test along with the number of people from your company or organization that plan to participate in the iSCSI Plugfest:

Number of Platforms/Operating Systems: _____

Number of Engineers Participating in the iSCSI Plugfest: _____

Once this application has been received and approved we will send you additional registration information for your Plugfest Engineers.

Signature: _____   **Date:** _____

Name: _____

Company: _____

Phone: _____

Email: _____

If you have any questions please contact Arnold Jones, SNIA Technical Council Managing Director, at arnold@snia.org or 407-574-7273. *All signed Plugfest Applications and Confidentiality Agreements must be received by September 11, 2013.*
