

# STA Community

2024 Review and 2025 Plans

Cameron T. Brett, STA Community Chair

# What We Do

- STA’s mission is to “*Promote the understanding and use of Serial Attached SCSI (SAS) technology and influence the evolution of SCSI standards to meet future industry needs.*”

- Learn more at:

<https://www.snia.org/sta-forum>

 **YouTube**  
[Serial Attached SCSI Playlist](https://www.youtube.com/@SNIAVideo) on SNIAVideo  
<https://www.youtube.com/@SNIAVideo>

## ■ Key Activities Include:

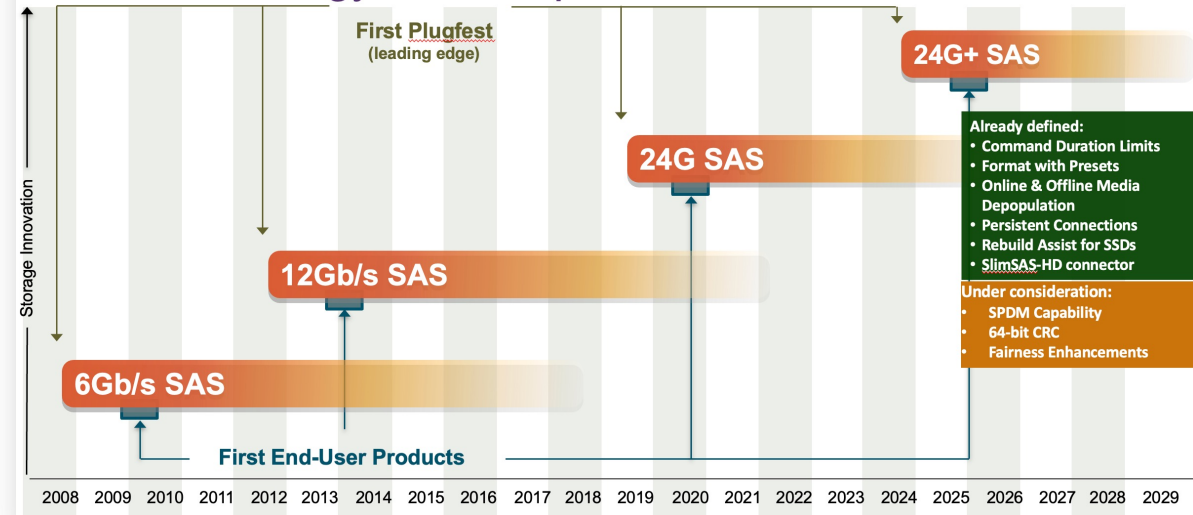

- Strong interaction with the INCITS/SCSI standards organization (T10), which develops SCSI and SAS standards
- Develop, maintain and publish the [SAS Roadmap](#)
- Identify SAS marketing requirements
- Organize and hold SAS Plugfests
- Outbound marketing and communication to members, developers, press, analysts and the public

Worldwide Enterprise Storage Capacity Shipments (2023-2028)  
SAS-enabled storage remains the majority

## SAS Technology Roadmap

# 2024 Accomplishments

- [SAS Products](#) featured on website: *Links directly to product pages*
- Press releases & media alerts
  - 24G+ SAS press announcement & briefings
  - Plugfest press announcement
- Media and analyst briefings & engagements
  - 7+ Press Articles & Podcasts in top tier tech outlets
  - IDC, Gartner, TRENDFOCUS, Coughlin Associates briefings
- Events/Webinars/Podcasts
  - Webinar: Storage Trends 2024 Roundtable
    - [IDC & StorageReview.com partnered with STA resulting in 2,500+ views](#)
  - SNIA Open Standards Pavilions at Flash Memory Summit 2024 & SC'24
  - SNIA *Experts on Data* podcast: SAS in Space
  - *Storage Unpacked* “Why Hyperscalers Use SAS” podcast with Chris Evans
  - Technology Live! in London November 2024
- Articles & Blogposts
  - “Unveiling the Power of 24G SAS: Enabling Storage Scalability in OCP Platforms” blogpost
  - “[SNIA Fosters Industry Knowledge of Collaborative Standards Engagements](#)” blogpost
  - SNIA Matters newsletter monthly contributed articles
- Continued awareness and education about SAS throughout the year
  - SAS Playlist short videos on *SNIAVideo* YouTube channel

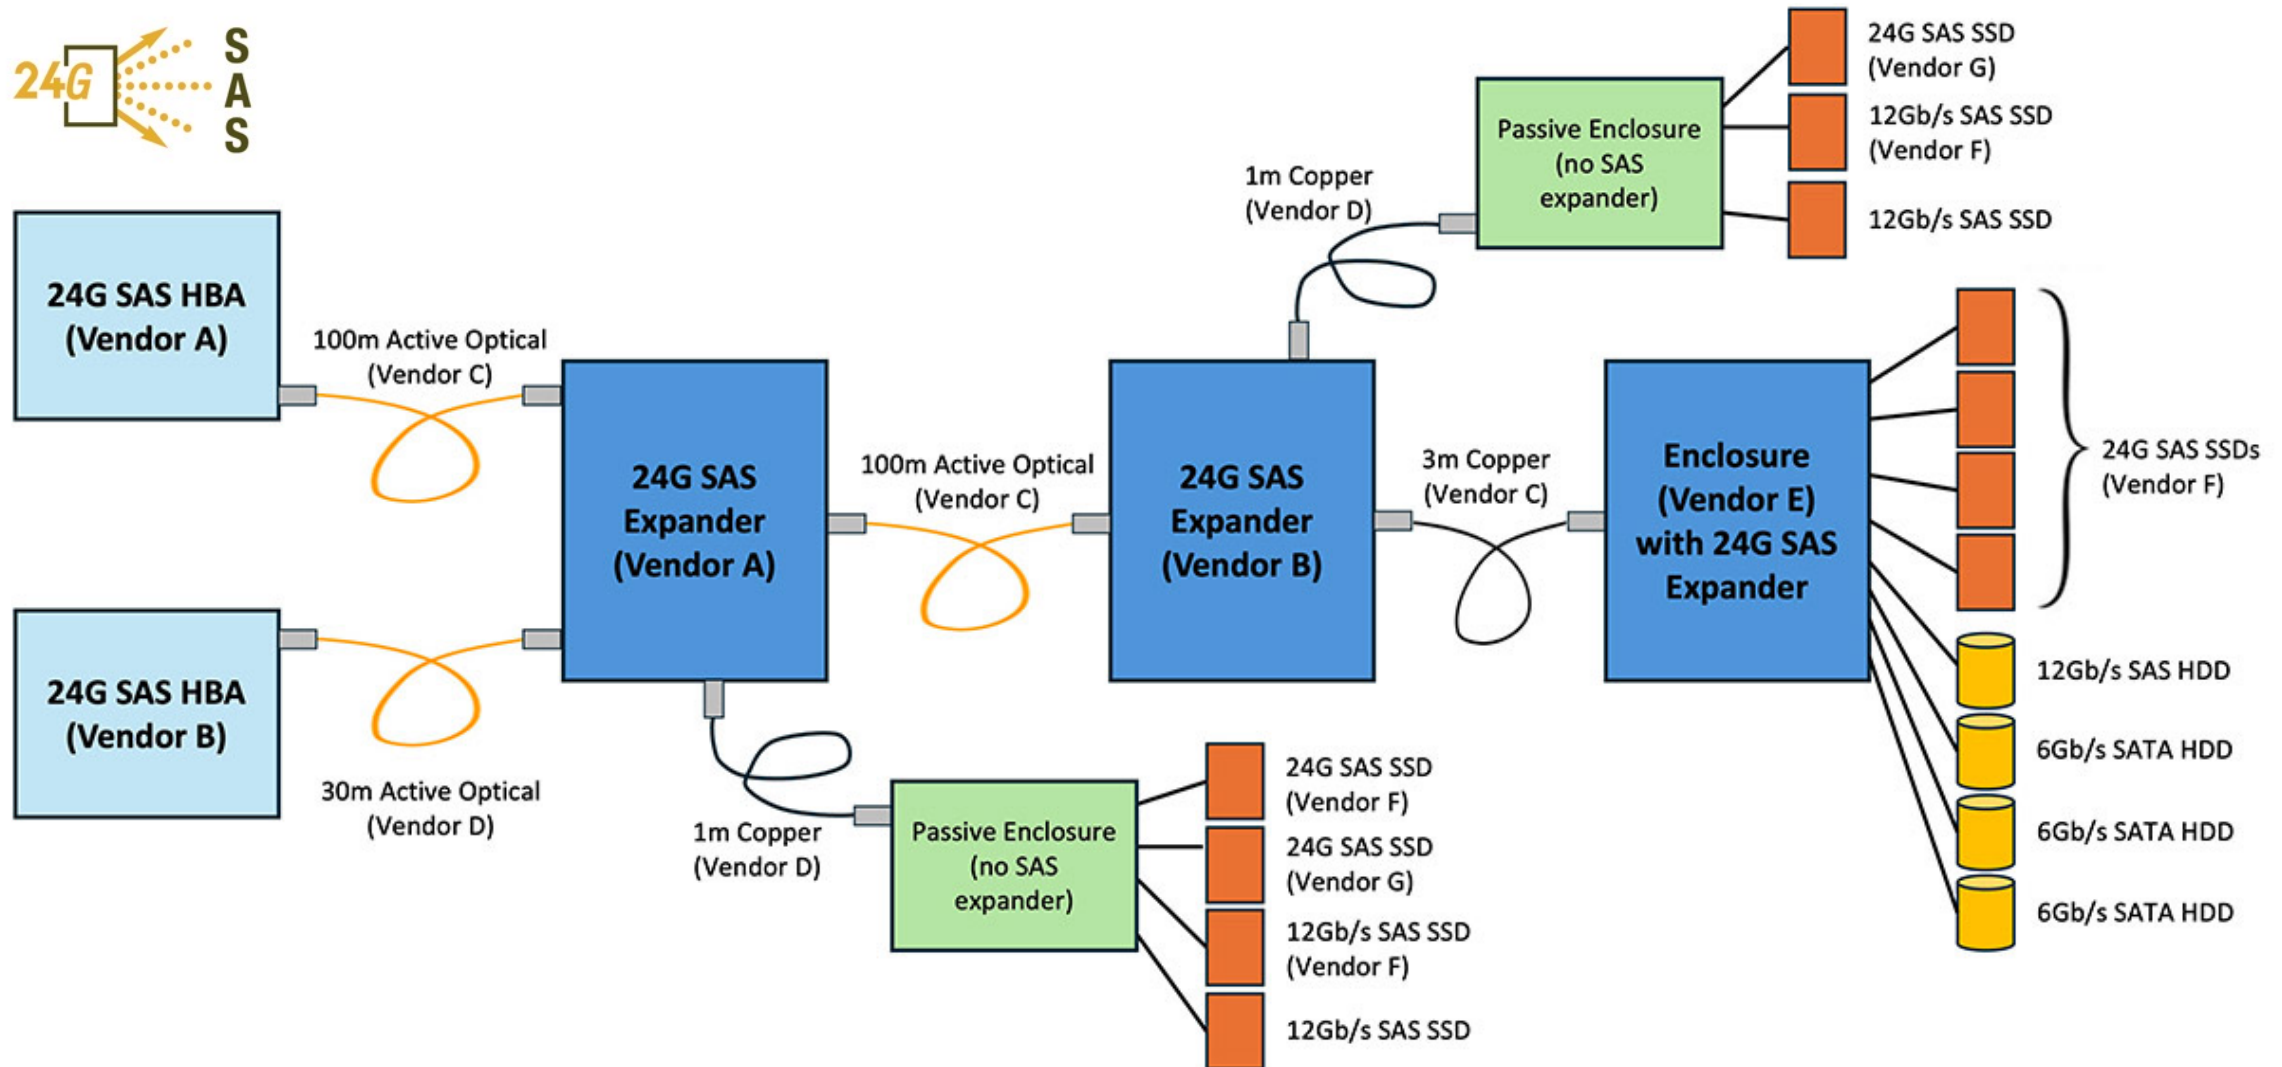

# SAS in Space

- Read the blog [\*Computing in Space: Pushing Boundaries with Off-the-Shelf Tech\*](#)
- Watch the [\*1 min. video with Dr. Mark Fernandez\*](#)
- Listen to the [\*podcast: Computing in Space: What's Happening on the International Space Station\*](#)
- Watch the [\*discussion video\*](#) with Dr. Mark Fernandez and Cameron T. Brett

# 2024 Accomplishment: SAS Plugfest

# What's Next: 2025

- University Use-Case Project
- Media and analyst briefings
- Events, Webinars & Podcasts
  - Webinars
    - *Storage Trends in AI 2025*
    - *Webinar: Testing Robustness of Your Data Storage*
  - SNIA Open Solutions Pavilions at SC'25
  - *SNIA Experts on Data* podcast: SAS Roadmap
- Articles & Blogposts
  - SAS Case Studies: Quarterly Blogpost Series
  - SNIA Matters newsletter monthly contributed articles
- Continued awareness and education about SAS throughout the year
  - SAS Playlist short videos on *SNIAVideo* YouTube channel
