**Subject:** Molex IP Disclosure Statement on SFF-8611

To whom it may concern:

Molex believes that it has obtained patent protection that may include claims essential to SFF-8611. For example, US Patent Number 9,590,353 and its foreign and domestic counterparts is one such Molex patent family. US Patent Number 9,397,442 and its foreign and domestic counterparts is another such Molex patent family. In accordance with its obligations under the SNIA IP Policy, Molex hereby agrees that for any Essential Claims, issued now or in the future, Molex will grant a license on reasonable and non-discriminatory terms to companies requesting such a license. Please note that Molex reserves the right to increase the cost for a licensee that refuses to take a license and forces Molex to use legal action in order to enforce Molex's rights.
